We, **Third Eye Technologies**, established in the year **2005**, are one of the distinguished manufacturer, importer, supplier and Service supporter of a huge number of Outdoor Signage Printing Machines.

About Us

We, **Third Eye Technologies**, established in the year **2005**, are one of the distinguished traders, manufacturer, importer and supplier of a huge number of Printing Machines. Moreover, we render services regarding Repair and Maintenance for the printing machines made available by us. Under this, we offer Vinyl Sticker Cutting Plotters, Flex Printing Machines, and Plotter Spares. We have been able to prove our commitments towards providing complete customer satisfaction by offering excellent quality products and services with the aid of our transparent business approach. To attain maximum client satisfaction is the sole aim and core motto of our company and we always fulfill it with our ethical business practices. We are backed by a spacious warehouse that includes latest machines based on modern technology to arrange and maintain bulk quantities of products in a safe manner. To manage the entire workspace, we have hired an adroit and skilled workforce, which is able to fulfill clients' demands in an efficient way by putting in its best efforts. Quality is our utmost priority. Thereby, we conduct a stringent inspection and quality checking procedure to ensure that products sourced from our vendors are reliable in terms of quality and performance before the final dispatch. Along with this, we are tied-up with many reputed vendors like **Copam Electronic (SHENZHEN) Co. Ltd, Taiwan** and **Shanghai Wit-Color Digital Printing...**
